Technical Information

Dishwashing TABS

Dishwashing Agent TABS

V2 2024-02-13/EN

Area of application: For the use in all common household dishwashers.

Properties: Characteristic odour

Highly effective 2-phase dish detergent concentrate in the form of tablets

High efficiency and cleaning power

It optimally cleans very fatty and encrusted dishes

It prevents lime scale

Convenient, clean, and easy to use

Protective sleeve to protect it from humidity

Technical data: Nature of the product Solid

> Colour White - yellow pH-value (1 %) approx. 10 - 11

Application: Remove the protective sleeve.

Put one tab into the cleaner dosing chamber of the dishwasher.

One tab is required for one washing cycle.

Caution:

The tabs need a minimum run time of the machine of 30 min.

Otherwise residues would remain in semi-industrial machines (< 20 min of run time).

Protect from frost! Storage:

Always keep containers well closed, out of sunlight and out of reach of children. Do not expose to

high temperatures.

In closed original trading units at room temperature it is stable for at least 24 months.

Packaging unit: Art.No.: 1450 - 00000 160 tabs per bucket

Other trading units on request.

Special information: For commercial use only.
