

## Oil Binder VARIO-SORB Type III R - Fine grain- Multipurpose binder

**Area of application:** For binding of oil, fat, chemicals (pre-test) and other liquids.  
 For absorbing and gritting of escaped oils and liquids in the road traffic, on airports, in workshops, industrial companies and refineries.  
 For occupational safety; it prevents personal injuries, damages to environment and property - suitable for oils and chemicals.

- Properties:**
- Calcinated alumina
  - Especially high and fast absorbing capacity
  - Easy handling
  - Good flowing and gritting ability
  - Low-dust
  - High anti-skid property
  - Harmless for human and animal
  - Free from hazardous substances known
  - Non-toxic
  - Not caustic
  - Non-flammable (bound oil can be burned off)

<b>Technical data:</b>	<b>Nature of the product</b>	Granulate
	<b>Colour</b>	Light beige
	<b>Granulate size</b>	0.6 - 1.2 mm
	<b>Bulk weight</b>	440 g/l
	<b>1 kg binds approx.</b>	1.0 l heating oil

**Application:** After spreading on, allow it to act for some minutes.  
 After a damage, the binder absorbs the escaped liquid, binds it, whereby the material immediately regenerates and can be reused later for several times.  
 Disposal required only if it shows dark colouration.

**Storage:** Always keep containers well closed, out of sunlight and out of reach of children. Do not expose to high temperatures.  
 In closed original trading units at room temperature it is stable for at least 24 months.

**Packaging unit:** 20 kg bag, 55 pieces per pallet Art.No.: 8391 - 02000  
 Other trading units on request.

**Special information:** Please, always observe the details in the safety data sheet of the substance to be absorbed!  
 For commercial use only.
